

LAVER 38.5

Rev. 03/07

Overall Length	mt. 12.15
Beam	mt. 3.86
Draught	mt. 0.98
Weight	Kg 8300
Passengers	n. 10
Sleeping possibilities	n.6 + 2 + 1
Fuel tank	2 x 350 c.a.
Water capacity	1 x 220 c.a.
CE Cat. A	

STANDARD EQUIPMENT 38.5:

<p>Hull: Full rolled Live structure. Dead structure "sandwich". The first two layers of vinyl ester resin as an impenetrable wall to the osmosis. Manual complete stratification with isofaltalic resin.</p> <p>Upper Deck: Sandwich for a perfect heat insulation and complete elimination of the condensation.
